## SCIENCE DAY CELEBRATION: VISIT TO A MEDICINAL GARDEN

The Department of Botany organized an educational tour 28<sup>th</sup> February 2020 to Ayur Van (Aura Park) for the students' pursuing M.Sc Sem. II and Sem. IV as a part of Science Day Celebration 2020. Aura park is situated 165 Km from Nagpur city. The park is maintained by Mr. Ambrish Ghatate and Mr. Mukund Sherekar. They are cultivating and maintaining almost 600 plants

species of different economical uses. They shared their knowledge about each plant, its medicinal uses and how rare plants are propagated. Mr. Mukund Sherekar also lucidly explained and guided the students about Nakshtra garden, plants used for each nakshtra and relating the nakshtra plants to folklore and tradition. They further highlighted ongoing workshop in the Aura Park where students and teachers can participate in these workshops and benefit themselves.
