**Head of The Department**  
 Department of Economics  
 Hislop College, Nagpur

**Hislop College**  
**DEPARTMENT OF ECONOMICS**  
Bridge Course for B A I year

**Bridge Course Syllabus:**

1. Economics - Relevance to day to day life [personal finances, investment decisions]
2. Economics - Backbone of a country [growth prospects, development status]
3. Economics - Importance from the point of view of international standing [IMF, World Bank, WTO Agreements, SAARC, G20, Kyoto Protocol, Paris Convention]
4. Economics - Allied subjects like Accounting, Finance, Supply Chain Management, Logistics etc [Linkages, Basic concepts, relevance, importance]
5. Economics - History of Economic Thought [Chanakya to Modern Economics - a brief overview]
6. Economics - New research fields like Behavioural Economics, Empirical Economics, Managerial Economics, Financial Engineering, Business Environment.
7. Economics - Career options [Lecturers/banks/research/financial institutions/market research/accounting etc.]

**B.Sc. Semester I**  
**Session 2022-23**  
**Biochemistry**  
**Bridge Course Syllabus**

- Biochemistry – Introduction and career opportunities
- Basics of molecules
- Micromolecules and Macromolecules
- Introduction of Carbohydrates, proteins and lipids
- Basics of microorganisms

**M.Sc. Semester-I, Biochemistry (2022-23)**

**PROTEIN BIOCHEMISTRY**

**Bridge Course Syllabus**

- Single letter code for amino acids, structure, classification of amino acids, Polarity of amino acids, Isoelectric point of amino acids
- Thermodynamics, Concept of Enthalpy, Entropy and free energy
- Structure of prokaryotic and Eukaryotic ribosomes, prokaryotic protein synthesis –a brief idea
- Genetic Code, qualitative and quantitative tests for proteins.

General idea about protein structure, relation between structure and function

**M.Sc. Semester-I, Biochemistry (2022-23)**

**Bridge Course Syllabus**

**Advanced Enzymology**

- 1) History & Terminology
- 2) Classification & nomenclature of enzymes, Specificity of enzyme action (Lock & key model & Induced fit model).
- 3) Effect of enzyme concentration , temperature and pH on enzyme activity
- 4) Enzyme catalysis: Proximity & Orientation effect, covalent catalysis, acid-base catalysis, metal ion catalysis
- 5) Role of vitamins as coenzyme precursors (Riboflavin, Niacin, Pyridoxine, Biotin and Thiamine)
- 6) Enzyme kinetics: Importance of measuring initial velocities, Derivation of Michaelis-Menten equation, Single & double reciprocal plots, Graphical representation of various inhibitors (Competitive, Noncompetitive & Uncompetitive) on Lineweaver-Burke plots.

**M.Sc. Semester-I, Biochemistry (2022-23)**

**Bridge Course Syllabus**

**Plant Biochemistry**

1. Basic structure of plant cells and types of tissues.
2. Concept of light and spectrum
3. Concept of photosynthesis

**Department of Biochemistry**  
**Hislop College, Nagpur**  
**M.Sc. Semester I (2022-23)**  
**Bridge Course Schedule**

|             |                                                                                                                                              |
|-------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| First Day-  | Orientation Program                                                                                                                          |
| Second Day- | Basic Biochemistry                                                                                                                           |
| Third Day-  | Calculation for Reagent Preparation                                                                                                          |
| Fourth Day- | Calculation for Reagent Preparation (Cont.)                                                                                                  |
| Fifth Day-  | Lab Practices (Instrument Operation, Lab Precautions etc.)                                                                                   |
| Sixth day-  | Computer Application <ul style="list-style-type: none"><li>• PPT presentation</li><li>• e-Book download</li><li>• Use of e Library</li></ul> |

### **Identification of Advanced, Average and Slow Learner- Department of Botany**

Under Teaching and Learning process, teachers have to deal with different types of students; some are very bright who understand learn very fast and some are quite weak to learn and grasp the instructions very slowly. Some students need only guidance and some need a hard work and regular guidance. To determine the students' abilities in the class, particularly when initiating the higher education and proceeding for graduation, a faculty has to recognize the teaching learning ability, attitudes and learning habits of the students differently so as not to lose attention of slow learners and not to turn off the advance learners.

To achieve this exam was conducted to identify the slow, average and advanced learners in B.Sc. Botany Semester I class. And the following criteria was used for their categorisation

| <b>Sr.No.</b> | <b>Percentage obtained in test<br/>conducted</b> | <b>Category</b>          |
|---------------|--------------------------------------------------|--------------------------|
| 1             | Above 75%                                        | Advanced learners (Tree) |
| 2             | 60-75%                                           | Average learners (Shrub) |
| 3             | Below 60%                                        | Slow learners (Herb)     |

**Results:** A total of 78 students participated in the exam.

## Political Science Bridge Course 2022-23

### AIM & OBJECTIVE

This is a preparatory course to induct the students to the subject and prepare and set up a frame of mind for the 3 years ahead. This course will pave the way for a smooth transition from secondary education to the university level.

The objective of this course is to make the understanding of Political Science more comprehensive while also orienting the students from different backgrounds and providing them with time for transition.

### CONTENTS OF THE COURSE:

The course spans six (6) classes.

| Date            | Medium  | Content                                                                                                                                                                                                                                                                                                                                 | Duration | Faculty-in-charge   |
